

2nd December 2020

Dear Golf Club Managers and Secretaries,

On behalf of everyone at NHS Charities Together and our colleagues across the NHS, I wanted to send a personal note of thanks to each and every one of you for so kindly supporting NHS Charities Together. It has been amazing to see the support Stacey has received throughout his Golf fundraising campaign, and we cannot thank you all enough for your generous contributions. We have been truly blown away by the incredible amount Stacey has raised so far, and hope you know what a difference your support has made to this.

Over the last few months, NHS Charities Together has been blessed with the support and love from people across the globe and we are honoured to be able to distribute this support to hospitals and care services throughout the UK. We have already distributed £30m in Emergency grants, and have allocated £30m for community and social care partnerships and a further £35m for recovery grants to support our NHS carers over the coming two years. As the nation faces the second wave of the virus, NHS Charities Together also has £12m ready to support NHS staff, volunteers and patients affected by it.

And it doesn't end there: we have further plans to continue to support our NHS Superheroes well into the future, as NHS Charities Together will continue to be the national charity providing items that are over and above what the NHS fund. From cutting-edge equipment and research, to enhancing patient experience throughout the UK. We know that the NHS looks after its patients from birth to death, and we will support all areas of the hospitals within the UK far into the future.

Please do continue supporting Stacey with his fundraising, as your donations mean we can continue to support our NHS staff, volunteers, and patients.

Once again, a huge thank you for your support and generosity towards the Covid-19 Appeal.

Yours Sincerely,

Justine Davy
Head of Fundraising, NHS Charities Together
